475500

अंतिम लाभ (ए या बी में से बहतर)/Final Benefit (Greater of A or B):

475500

[Link to the Applicable Circular:](#)

⚠ The calculation on this page is only illustrative and based on the data entered by the user. Hence, it may differ with the actual benefit processed by the office based on the data available in the EPFO database. In case of any mismatch, the actual benefit processed by the EPFO office will be considered final.

⚠ Preceding months - Example: If Date-of-Death is 07.04.2022 then wages and progressive balance between 04-21 to 03-22 needs to be taken for calculation of Average wages and average progressive balance.
